

SPSFNWA.ORG

A photograph of a woman with dark hair, wearing a light blue and white striped shirt and a denim jacket, lifting a young girl with blonde hair in a bun. The girl is wearing a white long-sleeved shirt and is smiling with her mouth open. They are in a kitchen setting with a white stove and wooden shelves in the background. The image is framed by a large white arrow shape pointing downwards from the top left.

BUILDING FOR SUCCESS

Changing Lives By Encouraging Personal Success

OUR STORY

For over forty years, Single Parent Scholarship Fund of Northwest Arkansas (SPSFNWA) has made tremendous strides to improve the quality of life for tens of thousands of single parents throughout Northwest Arkansas.

In 1984, co-founders **Marjorie Marugg-Wolfe** and **Ralph Nesson** had a vision to award scholarships to families in Benton and Washington counties to provide hope and encouragement. Fifteen families benefited from the initial average award of \$200 per semester. Now, full-time recipients receive \$2,500 per semester.

For many years, Single Parent Scholarship Fund of Washington County and Single Parent

Scholarship Fund of Benton County operated separately; however, in 2021 the two organizations merged to serve **Benton, Carroll, Madison and Washington Counties.**

As of 2025, \$20 million dollars in scholarship funds have been distributed.

www.spsfnwa.org/bfs

OUR IMPACT

SPSFNWA offers direct financial assistance and comprehensive support services to single parents pursuing higher education in **Benton, Carroll, Madison, and Washington Counties**. Our transformative model not only changes the lives of our recipients but also strengthens our region and workforce by empowering families to lead stable, productive lives here in Northwest Arkansas.

BUILDING OUR FUTURE

The new SPSFNWA campus will create a welcoming, purpose-built environment designed to better support single parents as they pursue higher education. Our **1.4-acre site**, featuring a **13,000+ square foot facility** along the **I-49 corridor**, will allow us to provide more accessible resources, hands-on programming, and individualized guidance. This space will foster connection, encouragement, and stability, helping single parents navigate their educational journeys with confidence and reach their goals for themselves and their families.

Not only will a new campus benefit our single parent families more efficaciously with a centralized location but would meet the holistic needs of our single parents who are navigating unique challenges of single parenthood. The new campus would offer care beyond their scholarship. There

will be ample space for a dry pantry where recipients can access costly household goods from detergent to hygiene products.

The new campus will also offer an expanded counseling suite, which will increase our ability to offer child, family, and adult therapy. A large study room and private workspace will be available for recipient use and the spacious multipurpose room will allow for recipient and family events. The design of our new building has taken into consideration the addition of functional spaces ranging from a **counseling suite** to a **wellness room**. Our future home will also accommodate an 8,000 square foot therapeutic garden.

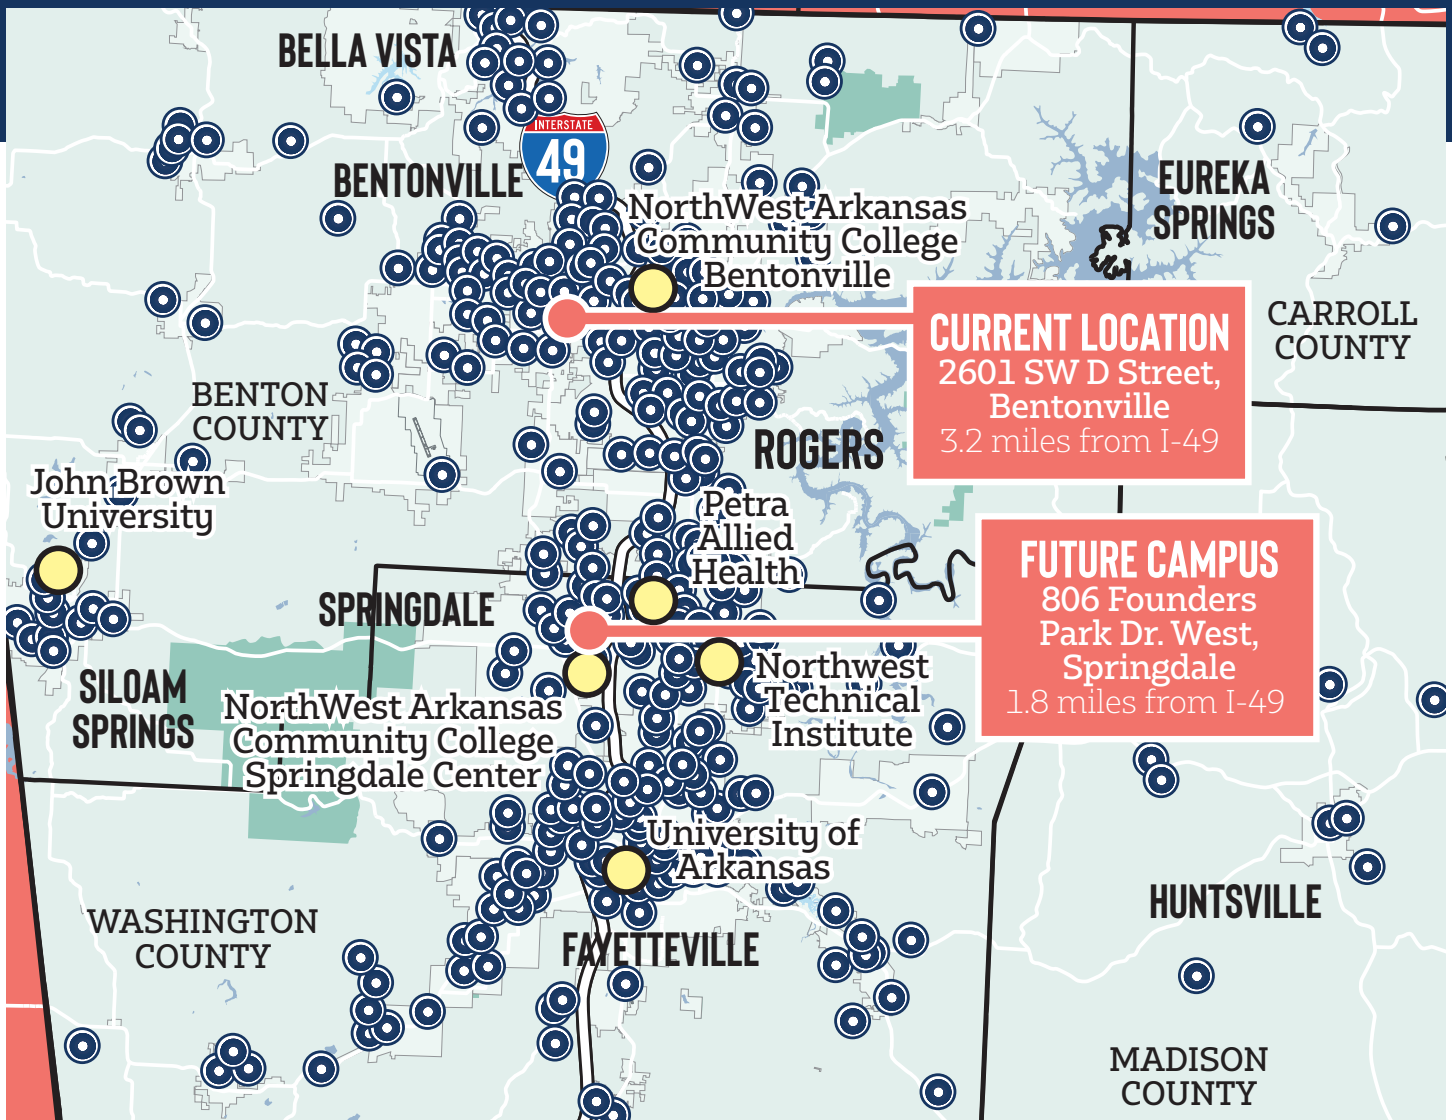

www.spsfnwa.org/bfs

“ My 11-year-old daughter already has huge dreams for her college future after watching my trials and triumphs. ”

— CARROLL COUNTY RECIPIENT

- Represents five years (2020-2024) of recipients' non-duplicated home addresses.
- Represents six major institutions of study.

Based on address data recipients live within a 50 mile radius from the future campus.

**Future SPSFNWA Campus:

806 Founders Park Drive West
Springdale, AR 72762**

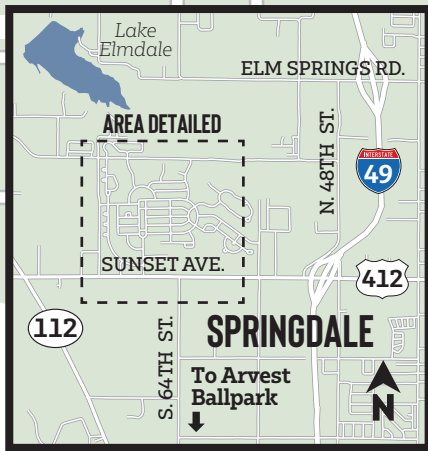

“ As a single parent, I have faced shame, discrimination and outright offense. But I have begun to overcome the single parent stigma after being part of SPSFNWA, where I experience the best parts of our community.

— WASHINGTON
COUNTY RECIPIENT

SPSFNWA is engaging the community to reach a **\$7,400,000** goal to allow us to build this new **13,156** square foot campus and continue to best serve our recipients with a central location and to enhance the services we provide for our recipients throughout the Northwest Arkansas community. The success of this project will allow us to:

- ✓ Serve single parent families more effectively with a centralized location.
- ✓ Expand our capacity to provide supportive services such as a dedicated dry pantry consisting of donated cleaning products, hygiene products and other costly household items that are not covered by EBT/SNAP Benefits.
- ✓ Expand behavior health services with a three office suite that includes children, family and adult therapy.
- ✓ Enhance behavioral health tools by creating an 8,000 square foot therapeutic garden with multiple amenities and counseling tools.
- ✓ Enhance recipient access for individual and group study spaces with state of the art technology and free wifi.
- ✓ A spacious and adaptable education and meeting facility, designed to host SPSFNWA recipient events, trainings, and community programs.

WHAT YOU BRING

We cannot imagine this campaign without you. Your dedicated support is the strength that will build the future of SPSFNWA and Northwest Arkansas. Our organization is grateful for your continued generosity.

With your support, our single parent families get the help they need to **thrive** and meet their **educational, financial, and familial goals**. You know what it takes for our single parents to carry out their goals and dreams, and it is your generosity that helps get them there. The new SPSFNWA campus will be a crucial space that will help disrupt the cycle of poverty. So, we ask you to support this historic project that meets the needs of our single parents who are the future of Northwest Arkansas. **With you, we can make this happen.**

“ Thank you for your endless generosity. It means so much to have such wonderful people like you involved in our lives. All you do for the program truly means the world to us. ”

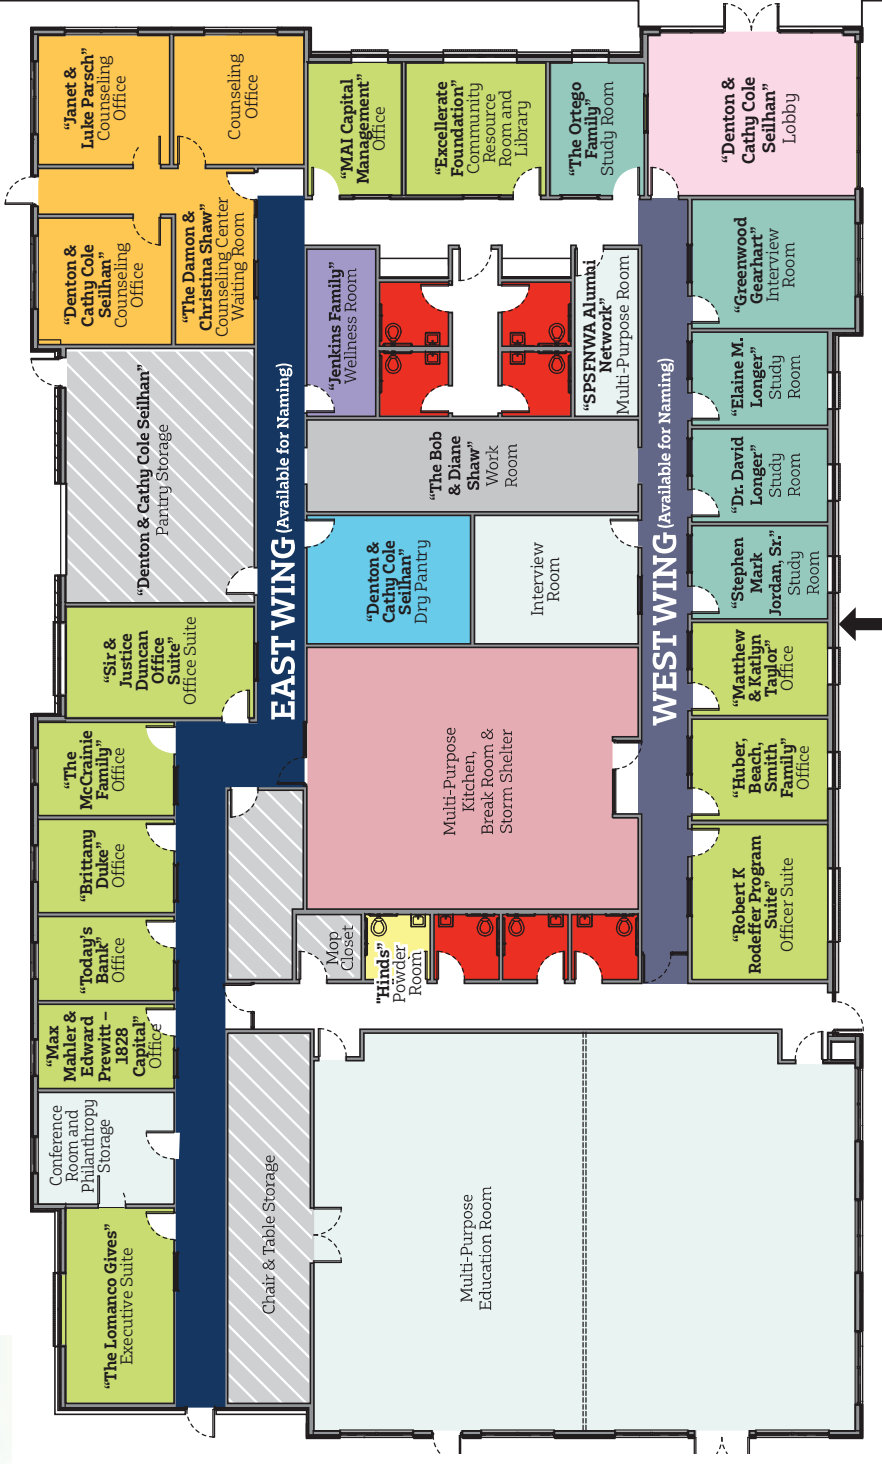

— BENTON COUNTY RECIPIENT

Total office square footage: 13,156 plus 8,000 square feet for the Therapeutic Garden

Our counseling team is creating a unique opportunity to take traditional therapy out of our four walls to a plant-dominated environment purposefully designed to facilitate interaction with the healing elements of nature.
